- ✓ enjoys repairing bicycles, motorbikes and cars or doing DIY projects at home
- ✓ keen to pursue a career in technical engineering
- ✓ a good attitude to work and learning
- ✓ not afraid to get your hands dirty!

Been there, done that...

Some of our most successful HSS'ers started in the business as trainees and apprentices – and just look what they're up to now!

Phil Wolff, Commercial Director

Phil started as a fitter at PB Power Tools more than 25 years ago. He joined HSS working in both the technical and training teams and he now sits on the Board as our Commercial Director.

Jon Overman, Divisional Managing Director

Jon was a 'Saturday Boy' in the 1990's. Since then, he's worked his way up to become our youngest ever Divisional Managing Director, responsible for the entire southern region and over £73 million of turnover!

Byron Bayford, Mobile Fitter

Byron started as an apprentice when he was 18 years old as a Fitter in 2002. He successfully completed his NVQ's with HSS and worked in various roles in branches throughout London and is now a Mobile Fitter.

Next Steps

If you like what you've seen and want to apply for an apprenticeship at HSS, we want to hear from you! Send your details and a covering letter explaining why you'd be the perfect apprentice to:
